PROFILE SUMMARY

Results-driven **Software Developer** with a strong focus on frontend technologies coupled with backend expertise, boasting **3 years** of experience in crafting scalable web applications. Proficient in modern frameworks such as **React.js**, **Next.js**, and **Node.js**. Successfully delivered over **20 features** across diverse projects that optimize performance while significantly reducing manual processes.

Skills

- **Frontend:** JavaScript, React.js, Next.js, Tailwind CSS, Ant Design, Shadcn UI, Material UI.
- **Backend:** Node.js, Express.js, RESTful APIs
- **Authentication & Security:** Auth0, Role-Based Access Control (RBAC)
- **Database & Storage:** MongoDB, PostgreSQL
- **Development Tools:** Git, Webpack, VScode
- **Other:** Performance Optimization, Code Refactoring, API Integration

PROFESSIONAL EXPERIENCE

Frontend Software Developer - Inara Consultancy Services	Sep 2023 - Present
<ul style="list-style-type: none">• Developed scalable and maintainable code, ensuring long-term stability of the software.• Refactored legacy codebases for improved maintainability, paving the way for easier updates.• Worked on various projects utilizing React.js, Next.js, Node.js, and various UI libraries.• Lead frontend and backend development for Vodafone Ad Management System, ensuring seamless experience creation and offer management.• Developed Vodafone's Chrome Extension single-handedly, enabling real-time experience creation and editing on live websites.• Implemented Auth0-based authentication, managing multiple organizations and user roles efficiently.• Collaborated with backend teams to streamline data flow, reducing redundant requests by 25%.• Enhanced UI/UX components, improving user workflow efficiency by 35%.	
Software Engineer – Creative Encode Technologies	April 2023 – Sep 2023
<ul style="list-style-type: none">• Built and maintained UI components using React.js and Next.js.• Developed an admin panel with Next.js, improving dashboard navigation and performance.• Created a React Native Quiz App, enhancing mobile user engagement.• Collaborated with teams to refine state management, reducing unnecessary re-renders and optimize component updates.	
Software Engineer – Soft Spectrum Technology	Nov 2021 – April 2023
<ul style="list-style-type: none">• Maintained high-level expertise in React state management strategies.• Developed reusable components to facilitate faster development timelines and improve overall code quality.• Developed frontend components with React.js, Redux, and Material UI.• Optimized React state management, reducing app load time by 25%.• Designed and implemented RESTful APIs, ensuring smooth communication between frontend and backend services.• Strengthened debugging efficiency by 20% through implementing Redux for streamlined state management and maintainability.	

PROJECTS

Vodafone Ad Management System
<ul style="list-style-type: none">• Developed a scalable template management system that enables users to create experiences and offers efficiently.• Optimized management of large datasets using AG Grid, improving data visualization efficiency by 40%.• Integrated Auth0-based authentication, allowing role-based access to multiple organizations.• Reduced API calls by 20% using optimized data fetching techniques.• Improved user efficiency by 35% by implementing a more intuitive UI/UX experience.
Vodafone Chrome Extension
<ul style="list-style-type: none">• Designed and implemented a Chrome extension that enables real-time experience editing on live websites.• Users can inject and modify scripts dynamically, previewing changes instantly for enhanced

- experience creation.
- Integrated **Adobe Target APIs**, allowing users to personalize experiences dynamically.
- Reduced template modification time by **40%**, improving efficiency.
- Implemented a **script retrieval system from APIs**, ensuring live updates without manual intervention.
- Enhanced the user interface with dynamic component rendering, leading to **50%** faster editing experience.

EDUCATION

Rajiv Gandhi Proudtyogiki Vishwavidyalaya, Bhopal, Madhya Pradesh, India
Bachelor of Engineering

ACHIEVEMENTS

- Awarded **Top Performer** at Inara Consultancy Services for delivering high-quality software solutions.
- Recognized for reducing frontend development time by **30%** through optimized component reusability.
